**The
National Donor
Programme**

We can give you a second chance in life.

Act with foresight.
Something can happen to you at any time.

***JOIN* the National Donor Programme NOW and be prepared.**

Having a disease or an accident which causes you to have a non-functional organ does not mean your life is over.

You can count on us!

Live with the security of getting a donation that can save you anytime. You don't have to worry about being put on a waiting list for the organ you need.

Your possible future donor is currently living a happy and healthy life waiting to help you.
